Exceptional Education

I am extremely grateful to receive scholarships administered through the Wings Over America Scholarship Foundation for the fourth year in a row. These scholarships help to facilitate my education in speech-language pathology at James Madison University. I am so thankful that I get the chance to pursue an undergraduate degree due to the support from the Wings Over America Scholarship Foundation. As the recipient of the USS Gerald R Ford scholarship and the Maritime Patrol Association scholarship, I take this title with great pride and want to express my utmost gratitude. These scholarships will allow me to continue my contributions to both the Communication Sciences and Disorders department and the Honors College at James Madison University. In this hectic and ever-changing time, I am especially appreciative for the support from the Wings Over America Scholarship Foundation in motivating me to continue my academic success through the challenging continuation of online classes. Go Dukes, and Fly Navy!
