To me, receiving a Maritime Patrol Association scholarship award means opportunity and growth. I have been fortunate enough to receive a scholarship from the MPA for two years now and I am eternally grateful for this foundation. Because of this honor, I can focus more on my academics while my financial burden is minimized. Having the support of the Maritime Patrol Association encourages me to keep pushing myself in all aspects of my life. Not only does this scholarship award honor me, but it honors my father and all my family members who have served in the US Navy; I would not be where I am today without their dedication to our country. I am honored to have the outstanding support of the military community. As I continue through my college journey, I can take full advantage of the opportunities offered to me at the University of Tennessee, Knoxville thanks to the MPA. I would like to thank all the donors for their generosity. I am humbled and grateful to know that MPA is investing in my education. The support that the Maritime Patrol Association shows for students like me is truly unmatched!
