I am incredibly honored to be a Wings Over America Scholarship recipient for the 2022-2023 academic year! This scholarship means the world to me, as it allows me to finance the dreams of higher education I've had for as long as I can remember. Being a military child imbued with a love of history, whether through visits to the Smithsonian as a kid living in Washington D.C. or trips to ancient ruins living abroad on a base in Sigonella, Sicily. Through the incredibly generous scholarship given through Wings Over America, I can pursue the degree that my military childhood has inspired without the financial burden that comes with a college education. I plan on going to law school soon, so financial help means the world of difference in funding my future goals. With the charitable donations of this organization, I can continue to pursue higher education with enthusiasm and activity. This gives me the freedom to take part in collegiate sports, an ability which I exercise currently by sailing competitively for the University of Washington team. I want to say thank you again for this scholarship and for the incredibly charitable organization of Wings Over America. I deeply appreciate the support of the military community and Wings Over America alike, and I plan to honor their support by performing to the best of my academic and physical abilities for many years to come.
