### Academic & Extracurricular Highlights:

- UNL Pre-Physical Therapy Club
- UNL Russian Club
- St. Columbkille Church Volunteer
- Varsity Soccer & Golf Teams
- Catering Creations Server
- Crusader Care Child Care Provider

I am both honored and humbled to have received a scholarship from the Maritime Patrol Association. With this award I will be able to solely focus on furthering my academic career at the University of Nebraska-Lincoln in Athletic Training with the hope of becoming a physical therapist. So far, I have enjoyed college and my career immensely, with all my time being dedicated to athletic training, the financial aid from the MPA takes a huge burden off mine and my parents' shoulders. This past year I have been accepted into the official athletic training program at UNL thanks to the help provided by generous donors and have further fallen in love with athletic training as a profession. I hope to use this opportunity to help the athletes at UNL. The help and support from WOASF will help me achieve my dream of becoming a physical therapist and therefore help others achieve their dreams by being fully healthy. I am beyond grateful to be the recipient of this award and will do everything in my power to prove that I am a worthy student. I am thankful to the donors of the Maritime Patrol Association and all their contributions to students like me. I will continue to give back to my community, just as the charitable donors do, by pursuing my dream and healing others to fulfill their own.
