Hello Wings Over America!

I just finished my first semester at the University of Notre Dame, and I can say I absolutely love it there! Even with the restrictions in place due to COVID-19, my freshman year has started as nothing less than amazing. With classes being in person instead of virtual, I was able to get as close to a normal experience as possible. I have met incredible people and made friends from across the country and around the world. And yes, I was able to attend every home football game! Here is a picture of me (middle) with two of my friends at one of our football games early in the season. I would like to send a heartfelt thank you to Wings Over America and all their donors for helping to make this all possible!
