- Varsity Cross Country
- North Carolina State University Academic Success Center Tutor

Receiving the Maritime Patrol Association scholarship is such an encouraging way to close out my first year of college. I am thankful for my father's service to the US Navy and thankful to the Wings Over America Foundation for honoring military families. After a hard year of school, it is helpful to see that there are organizations like the Maritime Patrol Association who are excited about educational opportunities and who are willing to help students like me seek them out. Receiving this award allows me to spend the time and energy that I would have spent working a job, taking extra classes so that I can double major in Economics and Mechanical Engineering. Lastly, this scholarship builds within me a greater desire to work hard and to fervently invest in each class I take because I know that the Maritime Patrol Association has generously invested in my education.
