Receiving the 2018 Wings over America scholarship is a tremendous honor. This scholarship award proves that anything is possible if you put dedication and time into something you care about. It will also allow me to show my two daughter's that hard work pays off as this is the second time I have received this honor. With my recent acceptance into San Diego State University San Bernardino campus this scholarship will allow me to continue my studies in the criminal justice field while also allowing more opportunities at my current job for promotion. Thank you for the support and help with obtaining my goals. You will not be let down!
