Receiving the 2021 Wings Over America Scholarship means very much to me. I will use this money for my tuition to Hawai'i Pacific University where I have been accepted to the Honors Program. I am excited to attend college and experience a new environment. I have worked part time jobs for the last three years and have saved my earnings for college. This additional amount of money will allow me to direct it to my tuition cost and this will save me time to focus on studying. This program is so important for those of us who have been raised with active-duty parents. Both of my parents have served, and one is still serving in the military which keeps me and my family moving every three years. There are many challenges and many opportunities we experience when growing up in a military family and I appreciate all that I have received.
