I am extremely grateful to have been offered a scholarship by WOASF. As I pursue my goals at the University of Southern California next year, my family and I will fortunately be able to focus less on the financial aspect of higher education. I would like to thank my father for his dedicated career of military service as well as Wings Over America Scholarship Foundation for investing in my future. With this scholarship, I will be able to focus more of my time on the education process that will hopefully lead me on a successful path to a military career of my own. The Wings Over America Scholarship Foundation is a fantastic organization and to be honored by them, is certainly an accomplishment I have the privilege to appreciate.
