Winning this scholarship is such an honor. Being a part of a military family can be a struggle, however I would not be who I am today without the experiences as a military child. Growing up, the biggest things my parents stressed upon me was staying focused on academics and serving others. I'm glad they did because it's moments like this that make it all worth it. I was so excited and proud to tell my parents that I can help pay for college, and the perfect way to show them how thankful I am for all their hard work. The Maritime Patrol Association has done so much to support my family and I am so thankful to be chosen as a scholarship recipient. Thank you!
