- Varsity Cheerleading
- Poquoson Public Library Volunteer
- Hilton Creamery: Shift Leader
- Baker/Decorator Cookies by Em

First, I would like to express my immense gratitude towards the Wings Over America Scholarship Foundation. I am beyond honored to again be considered a WOASF scholarship recipient and am so grateful for the opportunity to advance my education. I have just completed my first year at Christopher Newport University as an Honors student and Cellular, Molecular, and Physiological Biology major. During my first year at CNU, I was also honored to be a part of the Pre-Med Scholars program, which assists college students who are looking to go into the medical field. So far, I have loved getting involved in several different clubs on campus, including Special Olympics Gymnastics, Beach Clean Up Club, and Innovative Minds. I have also taken on the leadership role of Director of Volunteering for Innovative Minds, as well. Next year, I am looking to get involved in the PT/OT club on campus, as well as try out for the CNU Cheerleading squad. The Wings Over America Scholarship foundation has been so helpful in allowing me to receive the highest quality of education, meet people that have become such a large part of my life, and create the most long-lasting memories. My goal is to continue leaving a lasting impact on my community and to make positive contributions to the medical field as a Pediatric Occupational Therapist, and my Wings Over America Scholarship will help me do just that.
