Receiving the Wings Over America scholarship award has greatly alleviated the financial burden of college. I have six younger siblings who will be going to college every other year, so I am extremely grateful. I will be able to pursue my dream of serving the community as a nurse alongside other strong and dedicated individuals. This scholarship enables me to attend Arizona State University where I have been directly admitted to their School of Nursing and I hope to become an O.R. Nurse in the military! I am greatly appreciative to all the individuals who have helped me along the way, who encouraged my journey to where I am now, and who have continued to be lights, which I strive to be in others' lives.
