Receiving this scholarship has opened doors that were once closed. This scholarship will provide me with the financial freedom to pursue my dreams of studying Engineering at Virginia Tech, in hopes that I may follow in my father's footsteps of service as an officer in the United States Navy. I am extremely thankful for the support provided to me by the Wings Over America Scholarship foundation as well as the generous donors not only for the scholarship, but also the acknowledgment of my potential. Receiving this reward is a great honor, and I will be forever grateful for this gift. Thank you for your support and generosity not only towards me but for the entire naval community.
