A sincere "Thank You" to WOASF for not only awarding me this generous scholarship but investing in my future as well. I come from a family who believes in strong work ethic and personal responsibility to be successful in life. Entering high school, my parents informed me that I would be accountable for my college tuition. This reality meant finding a job, managing my time, and saving my money. The WOASF scholarship has lifted a heavy burden for me, both emotionally and fiscally, and I am truly grateful. Receiving this scholarship proves to me that my hard work, dedication, and perseverance in all that I do has paid dividends. I will always be grateful to my family, teachers, mentors, and friends for always pushing me to better not only myself, but the community as well. Thank you!
