I am incredibly thankful to the Wings Over America Scholarship Foundation for choosing me, over many other deserving students, as a 2020 scholarship recipient. This scholarship will allow me to reduce the financial burden of my education and help ensure that I can continue my path to become a speech-language pathologist. By lessening my current college expenses, WOASF has given me the opportunity to save for graduate school and explore all the options that might not have been previously possible for me in pursuing my dream career. It is an honor to even be considered for this award, and I am extremely grateful to be chosen to receive a scholarship and to be recognized for my academic achievements and community service throughout my high school career. Thank you Wings Over America Scholarship Foundation for always looking out for Naval Aviation families and helping us with our futures in education in any way possible!
