Receiving this scholarship is an incredible honor, and I cannot thank the Wings Over America donors enough. I feel blessed to be entrusted with your confidence and support. This scholarship has helped make my college education an affordable dream, providing me with the freedom to concentrate on my physics studies while continuing to pursue extra-curricular and community service opportunities. I am exceptionally proud to be a member of the Navy's extended family. It's an inspirational life lesson that taught me the value of personal responsibility, hard work, and the lasting effect that personal generosity can have on supporting each of our dreams and aspirations. Thank you to Wings Over America for making a difference in so many of our lives.
