I was excited to learn that I was a recipient of the Wings Over America and Maritime Patrol Association scholarships. I would like to thank the scholarship administrators and donors for their generous financial support towards my higher education learning. I would also like to thank my parents and siblings for giving me the tools and motivation to be who I am today. At the University of Memphis, I plan on studying Commercial Aviation and becoming a pilot. With this scholarship I am better able to chase my dream of becoming a pilot and attending the school I desire. Moreover, I will be forever grateful for the U.S. Navy, my father's military career, and the Wings Over America organization for giving my family and I this opportunity.
