University of Georgia

2021-2022: Freshman

Major: Finance

A heartfelt thank you to Wings over America Scholarship committee for not only awarding me this generous scholarship but investing in my future as well. I am honored to be chosen as a recipient of this wonderful opportunity. Receiving this scholarship award means that I can go confidently and pursue my dreams of studying Finance at the University of Georgia. There is real freedom in unloading the burden of debt and knowing how to have your money work for you. I am so appreciative of the committee for continuing its efforts in giving back to the Navy community. I can give you all assurances that I am a good investment.

Go Dawgs!
