Thank you very much to WOASF and their many donors. I am a true believer that hard work is the way to success. Receiving the 2022 scholarship signifies a tangible recognition of my hard work and an investment in my future success. Since I am a nursing student in a top-rate program, this investment will be paid back to our community manyfold. With the combination of the WOASF award and work experience, I can earn my own education through merit, work ethic and scholarly achievement. Your scholarship allows me to focus on excelling as a nursing student in a rigorous course of study and look toward my follow-on goal as a nurse practitioner. All of this will be achieved without student debt. By extension, your generosity has inspired me to help others and give back to the community in ways linked to nursing through student and scholarship boards. I hope one day I will be able to assist future students achieve their goals in a manner like you have provided me. Again, I am grateful for this 2022 scholarship award. Your investment in my potential will be repaid by spending a considerable portion of my life serving others. Thank you.
