Norfolk, VA

## Tulane University

Major: Neuroscience & Sociology

College GPA:

### Activities:

- Volunteer: Swim 4 Success
- TU Service Dog and Education Program
- TU Neuroscience Association
- TU Autism Awareness
- Summer Employment: Swim Coach

Winning the Wings Over America Scholarship means that I have the opportunity to attend and afford my dream school. This past year, I have experienced an incredible culture in the city of New Orleans and on Tulane's research-oriented campus. This scholarship means that I can continue in my next three years at Tulane University on my pre-med track. It is a great honor to carry the WOA scholarship and my dad's service with me as I try to leave my mark on this world. I am forever grateful for this scholarship as it helps me pave the road for my future at Tulane University and beyond.
