The Wings Over America Foundation has been so generous to award me this scholarship; I am so intensely grateful. I have put forth all my best effort in school and receiving this award has given a tremendous amount meaning to the late nights studying, planning events and the long days volunteering. I plan on using this scholarship to attend my dream school in Switzerland that I hope will open a variety of opportunities for me in a hospitality management career. The degree path includes studying abroad, which I intend to discover as much as possible about the rest of the world and use this as an enormous learning opportunity. This scholarship has eased my daunting tuition and I intend to take this chance of higher education to improve not only myself, but to respect the support I receive from my community and others who see potential in me such as The Wings Over America Foundation.
