As I enter my last year of college, there are many things that have changed; however, the support that I have received from the Theodore Roosevelt Association has never wavered. For three out of my four years at Old Dominion University, I have received financial support from this foundation, and it has made a huge impact on my academic experience every time. Because of what WOASF has done for me, I can enter my final year and my subsequent career with confidence knowing that they have always believed in me. I owe so much gratitude to this foundation and to all the donors that have made my award possible. Thank you so much for the support you have given me over the past three years.
