

# Family Readiness Group Scholar

Aaliyah Graham

Chesapeake, VA

New York University

2021-2022: Freshman

Majors: Dance and Science

Thank you. I am extremely honored and grateful to have received this scholarship. These funds will afford me the opportunity to continue my education in Dance at one of the most prestigious conservatory programs, while also pursuing a minor in Science. Dance has not only contributed to my physical well-being, it enables me to build confidence, it instills hard work and ethics, it teaches the importance of respecting others and team work and how to work with others effectively, it is a therapeutic outlet, and avenue to build life-long friendships. It is my goal to one day instill these same values in others through the love of Dance.
