- ❖ Year-Round Employment: Gelato Paradiso - Barista, John Harvard Academy - SAT tutor, babysitter.

I am so honored and thankful to be one of the Wings Over America Scholarship recipients. It is hard to express in words how fortunate I am to be attending Boston College in the fall. I plan on studying physics and environmental science next year and will hopefully be pursuing a PhD in the future. These goals would not be attainable without the help of this scholarship, and the financial support helps me set my long-term plans into action. This scholarship will give me the chance to focus on my academics and the many other opportunities college offers, and I could not be more thankful. It is extremely satisfying to have my hard work be recognized and is motivating to continue to study hard in the next step of my educational career. I am incredibly thankful for the donors and all those associated with the Wings Over America Scholarship Foundation for making my goals attainable and helping me pursue higher education.
