

President George H.W. Bush Memorial Scholar

Joshua Faggert

Virginia Beach, VA

University of Virginia

2021-2022: Junior

Major: Astronomy-Physics and Chemistry

Receiving a scholarship from the Wings Over America Scholarship Foundation and subsequently, all its dedicated supporters, means more and more as time passes. I am grateful to be both financially and academically supported which enables me to do my best and honor the hard work of all of those who make this scholarship possible, including the veterans, the coordinators, and those honored by these scholarships. I feel I am supported by the military and the corresponding community which gives me a large and multi-talented group to grow, succeed, and learn from. As I have been taught by my father and many others who were in the military, I will work with my best effort and passion to make the most out of this benevolent scholarship. I hope to do justice to the many years and sacrifices made by the supporters of these scholarships by succeeding in my academic and extracurricular pursuits to the absolute best of my abilities.
