Alpha Epsilon Delta: Pre-Health Honor Society, Shadowed
at Mayo Clinic Gastrointestinal Oncology Department,
University Scholar-Research Position with Bungert Lab,
Volunteer with Mayo Clinic and Mentor Gainesville.

I am extremely grateful to have been chosen as a 2020 Maritime Patrol Association recipient. This scholarship will help fund my education at the University of Florida. As an aspiring oncologist, I have many years of school ahead of me. This scholarship serves to lessen the financial load on both myself and my family throughout that process. I plan on using this scholarship to help fund an education that will shape a lifelong career in doing all that I can to help others. Thank you.
