I want to thank the Wings Over American and Maritime Patrol Association for their scholarship program and for the individual members and corporation we have contributed their time and money to the scholarship programs. This my last year of college, and each year the costs have crept a little higher. I truly appreciate this financial award, not only for the monetary help, but also for the support it represents of the military dependents. I have worked hard to earn good grades and be involved in activities at my university. As a military dependent, I desire to be a good representative of a for the military community in general. Receiving this award has shown me the importance of scholarship support. I plan to contribute to the scholarship fund in the future to show support for another college students, just as I have been helped.
