Receiving a Wings Over America Scholarship has been such an honor for the duration of my college experience thus far. Not only does this scholarship recognize the work that I have put in academically, but it recognizes the work that my dad put in while in the military. Since receiving this scholarship originally, I have maintained a 3.9 GPA, played soccer, and become sports editor of my college's paper. Being able to do this has been a privilege that is enabled largely by the scholarship that this foundation has awarded me. I am able to focus on my education without having as many financial concerns. The renewal of this scholarship would help towards another year where I can continue to strive for success, in hopes to one day attend law school. I am extremely grateful.
