Receiving the Wings Over America Scholarship means the world to me. By providing me with financial support, the Wings Over America organization and its donors are granting me the opportunity to represent and advocate for the differently abled by helping provide for my higher education, as I plan for a career in law to help others. It feels good to know that I am being trusted to promote the values on my campus that Wings Over America is known for: dignity, honor, and remembrance of those who have served in our armed forces. This scholarship will be put to good use through rigorous study and through the application of the lessons I have learned from my father's experience in the military; to work hard even when the times get hard, to respect others, and to apply my talents for a greater cause. Thank you.
