Receiving the Wings Over America Scholarship is a huge blessing in my life! This scholarship will allow me to focus on my studies at Lancaster Bible College while also being able to participate in multiple extracurricular activities such as cross-country, praise teams, choir, internships, and mentorships without the added stress of substantial student loans. This scholarship will allow me to jump right into my career as a Youth Pastor after graduation without having to try to get multiple jobs in order to pay off large amounts of student debt. I will be able to direct my full attention to impacting the students I will be serving and dedicate my time completely to my calling. I am incredibly grateful for the opportunities this scholarship has granted me, and I am confident that this scholarship will affect my life in many different ways that I cannot see yet.
