This scholarship means the absolute world to me. I am so extremely grateful for this opportunity, and to have such an amazing group of donors that are contributing to my academic success. This scholarship will not only help me with my future endeavors, but it also demonstrates and solidifies my academic success in school. COVID disrupted all our lives, including my financial situation greatly. I was honestly scared that without the help of scholarships, I would have to take out even more loans to get through my undergraduate years in college. By receiving this scholarship, it has already taken that much less stress off my back for the coming school year, and I am so appreciative of that! This scholarship is making such a huge impact on my life and gives me hope for the future! As I continue and progress through college, I hope to make an impact at my school, graduate with my BSN, and continue with a fulfilling career in pediatrics! I again wanted to say thank you. There are no words to express how happy I am to be the recipient of this scholarship!
