

The Wingman Foundation AOAA Bryan Grosso Memorial and Theodore Roosevelt Association Scholar

Jillian Martin

Norfolk, VA

Old Dominion University

2021-2022: Sophomore

Major: Nursing

Minor: Religious Studies

To me, receiving a Wings Over America scholarship award means opportunity. Because of the generosity of this organization, I will be able to attend school without taking out extra loans which could hold me back from a dream job or from going on to get my master's degree due to financial concern. Being supported by Wings Over America holds me accountable for my education and encourages me to keep trying to outdo myself which will help me in the long-term. The best part about receiving a WOASF award is knowing that not only am I being rewarded for my hard work, but I am also honoring my father's service in the Navy because I could not be where I am without his dedication to our country and my family. I am inspired by the support of the WOASF donors to military families like mine and I hope that one day I can give back to those serving in the Armed Forces as well.
