To me, receiving a Maritime Patrol Association scholarship award means opportunity. Because of this honor, my financial burden is minimized, and I can put all my energy back into school; I am motivated to be the best student I can. Being supported by the Wings Over America Scholarship Foundation encourages me to work my absolute hardest in all aspects of my life and holds me accountable for my academics. Not only does this scholarship award honor me, but it honors my father and all my family members who have served in the US Navy. I would not be where I am today without their dedication to our country. This award allows me to take full advantage of the opportunities offered to be at the University of Tennessee, Knoxville. I would like to thank all the donors for their generosity. I am grateful for the support that Wings Over America shows for students like me!
