I'm incredibly thankful that I was able to receive this scholarship. It helps me appreciate the work that I've done to make it this far, and the people who have led me here. It's a blessing to be able to start chipping away at the cost of college before starting. This scholarship is the start in helping me get the opportunity to pursue my educational goals and aspirations. It opens doors to new experiences and opportunities, allowing me to learn and grow in ways that may not have been possible otherwise. It feels like a validation of my hard work and dedication to my studies. It also helps me recognize my potential and provides me with confidence in my abilities. Receiving this scholarship motivates and inspires me to continue striving for excellence in my academic pursuits. It encourages me to push myself even further and make the most of every opportunity that comes my way. I know I wouldn't have been able to qualify for this if it weren't for the sacrifices and hard work my father has put in over the years. Thank you to Wings Over America for the opportunity and awarding me a scholarship, and more importantly, thank you to my dad for pushing me for 17 years to succeed.
