First, I would like to thank the Wings Over America Scholarship Foundation for this scholarship and everyone who has donated to the organization that had made this a possibility. Receiving a scholarship from the Wings Over America Scholarship Foundation has greatly impacted my higher education outlook. The financial relief this scholarship has provided me has allowed me to look further into my own future. I am more confident attending Missouri's University of Science and Technology and can fully commit to my degree program without the worry of future student loans running through my head. This Scholarship has also allowed me the opportunity to join my university's cheer and spirit team. Instead of worrying about how to afford college, I am learning how to make the most of my college career and explore new opportunities. I am deeply thankful for this investment into my own future, and I know that this opportunity and I'm honored to have been selected by you for this Scholarship. This Foundation will be helping other students for years to come creating life-changing impacts by allowing students the opportunity to achieve their goals and attend college. As an only child of two veterans this scholarship holds a special place in my heart, and I can only imagine how important it is for everyone else who has ever received or applied with this organization. Everyone who has donated to the Wings Over America Scholarship Foundation will leave lasting impacts on the Scholarship selectee students' lives. This is truly an honor to receive this Scholarship and I will put it to good use for my upcoming college journey. Once again I can't emphasize enough how truly thankful I am for this scholarship.
