- CHKD Club: Social Media Manager
- NA Belfrey Magazine Writer
- Summer Work at Vault Athletic & Fitness
- Intern: Ghent Chiropractic

I am incredibly thrilled and grateful to be receiving a Wings Over America scholarship and to have the ability to share in its mission of service to military families. This scholarship is a continuous reminder of the close-knit community that is military service and Naval Aviation, and I am honored to be a recipient of this scholarship and can share in its impact. I will be studying pre-medicine next year at American University while also playing Division I field hockey, and I am thrilled to be able to share my future academic and athletic successes with this community and its mission. I will strive to achieve excellence in my pursuit of higher education, and this pursuit is further inspired by the Wings Over America Foundation for helping to ease the financial burden on my family and by allowing me the ability to give back to those who have sacrificed so much for me. As a dependent in an active-duty family, service to my country, my family, and my community has always been fundamental to who I am and who I strive to become. I will uphold the values of this foundation and I look forward to sharing with this community the goals this scholarship allows me to achieve. Thank you for this amazing opportunity.
