- Connect with a Wish Volunteer
- Intern: The HIVE

The sky captivates me. It reminds me of what my family fondly called daddy jets flying above me, and even more so of my father's encouragement to live by the expression reach for the stars. I am motivated by this phrase and thankful it steered me to pursue a scholarship from the Wings Over America Scholarship Foundation. It gives me great honor to earn the title WOASF recipient. My father, a retired naval aviator, instilled in me a strong work ethic, and inspired me to try hard in all my endeavors despite difficulties I might face. He greatly influenced me as I observed him successfully aim high and work to overcome obstacles before him. He rallied me to do the same. As a result, I aspired to attend Babson College, the top-ranked undergraduate entrepreneurship school in the country. However, I knew this dream came at a great cost. Facing the financial obligation of this school, I reached for the stars again. I sought the help of the Wings Over America Scholarship Foundation, and thanks to this esteemed organization my dreams will become a reality. I would like to express my deepest gratitude to the Wings Over American Scholarship Foundation for supporting me as I strive to fly high as I pursue a business career. I promise to use this opportunity to the fullest, and work to achieve excellence in all I do. I will continue to reach for the stars.
