- National Honors Society
- Bearscratch Literary Magazine: Asst. Copy Editor- 9, Copy Editor 10th/11th and Editor 12th
- Social Studies Honor Society
- Year-Round Employment: Chick Fil A team member

I am so thankful for the Wings Over America Scholarship Foundation for awarding me this scholarship. Receiving this scholarship is a huge honor to me. With this scholarship, I can contribute to my tuition at Texas A&M University. At Texas A&M, I am going to be an engineering major with the hope to specialize in chemical engineering. This dream of mine is now infinitely more achievable with the Wings Over America scholarship. Instead of being concerned with my tuition, this scholarship allows me to focus on different college aspects like making new friends, leaving home, and growing as a person. I know that my freshman year of college will be fun, exciting, emotional, and now, free from some of the financial weight that comes with a higher education. Additionally, I am honored that I was recognized by a foundation that stands for a part of my life that is so important to me. WOASF is an incredible organization that represents the best parts of being a military dependent, and I know that the work they do helps so many people. Once again, I am beyond elated and thankful for WOASF, this scholarship, and the opportunities it will give me. This generosity is life changing!
