- Beta Club: Vice President 11<sup>th</sup> & 12<sup>th</sup> grades
- Pharmacy Technician at Parks Pharmacy
- CSRA Heat Volleyball Assistant Coach

I am honored to be a 2023 Wings Over America Scholarship recipient. As the granddaughter, stepdaughter, and niece of men who served this country in the armed forces I am very proud to represent an organization that gives back and invests in future leaders and scholars. My goal is to become a doctor so that I may serve in areas of my home state that struggle to provide quality health care. I have always wanted to make a difference in people's lives, and I feel this is my true calling. To reach my goal I will be faced with many challenges and hurdles, not to mention an unfathomable financial commitment. The path to becoming a doctor requires years of hard work and sacrifice, something that has been instilled in me by my stepdad who served for 20 years and is my mentor and best friend. Through scholarships like WOASF I can concentrate more on my education and building relationships that will provide me with the solid foundation I need to not only reach my goal but thrive. This will also help relieve some of the financial stresses on my amazingly supportive parents. They have supported me through years of travel volleyball, extracurricular activities, and educational opportunities and I look forward to giving something back to them. I am very excited to venture into the next chapter of my life and I can do it with a lot less worry thanks to the WOASF.
