Thank you very much for your continued support. I am extremely grateful and appreciative to be selected as a recipient of the MPA scholarship for 2023-2024. This fall I will enter my junior year at Oklahoma Christian University. My sophomore year was very busy, balancing the academic and athletic requirements as a pre-medicine student and varsity athlete on the Women's Volleyball team. While a shoulder injury prevented me from playing on the court last season, after a dedicated physical therapy and training regime I am looking forward to the opportunity to help the Lady Eagles compete and win in the Lone Star Conference next year!

More importantly, this scholarship is incredibly meaningful as it allows me to continue my curriculum as a biology major with a pre-med emphasis. After graduating I plan to pursue medical school and a career in emergency pediatrics. Helping others is my calling. I remain incredibly grateful for this opportunity and focused on achieving my dream of making an impact in other people's lives. Thanks to your support, I am on track and one step closer to that goal. I feel incredibly blessed to be a part of the military community. I am so appreciative of the Wings Over America and Maritime Patrol Association's generosity and all that you do to help the families of those who serve. Thank you, again, for your help and support.
