I am incredibly honored to receive this generous award. Your financial support brings me one big step closer to achieving my goal of graduating debt-free from college. With the financial liberties of being debt free following college I will be more equipped to take risks, develop my passions, and launch my career. Even more importantly, your acknowledgement- and the backing of my extended military family- gives me the confidence to pursue my dreams. Your belief in me inspires me to want to continue to persevere and overcome any challenges I may face in the future. I will be attending the University of Washington in the fall of 2023 and am excited to begin the next step in my education with the goal of changing the world for the better. Attending university with this aid will relieve some of the financial pressure associated with higher education and will allow me to better focus on my studies and invest in myself for a greater future for my family and I. Beyond this, I believe that I will be able to improve the lives of those around me through my future work thanks to the educational opportunities and benefits associated with this scholarship. Once again, I am extremely grateful for the educational opportunity provided to me by the Maritime Patrol Association.
