- Spouses Club Babysitter and Pet Sitter

I am so grateful to receive a 2024 WOASF scholarship. What receiving this scholarship means to me is that a lot of my hard work has paid off and I am able to help my parents with my college tuition. My parents have been my two biggest supporters my whole life and I am so thankful that I can pay them back in any way possible. Receiving this scholarship also proves to myself that I can do hard things. Throughout last semester, I was juggling volleyball, classes, work, and scholarship application and to be honest, it was a hard transition from summer. I was constantly busy and never had much time to rest and process everything going on in my life. However, I pushed through, and I am happy I did as hard work and resilience helped me to finish this scholarship application to the best of my abilities and paid off in the end. I want to thank everyone at WOASF for this opportunity and for believing in me.
