- West Ottawa Boosters Club
- Panther Fund- Swim Instructor
- Holland Youth Advisory Council- Social Services; Bell Ringing

I wanted to express my gratitude for selecting me as a recipient of The Wingman Foundation Memorial scholarship to be used towards my future college studies at Purdue University. Receiving this scholarship means so much to me and goes a long way to helping with the financial requirements in order to pursue my dreams of someday becoming a doctor. I hope to someday give back to my community and help those who are facing health challenges and need medical help.

As a recent graduate of West Ottawa High School, the road ahead in order to achieve this goal can seem like a long and difficult one due to the associated costs. However, with generous support from you and others I can move forward on that path with enthusiasm and determination. Your belief in me has only helped to make my commitment to achieving my dream even more solidified and increased my desire to achieve academic success as I begin my undergraduate studies. I promise that your investment and belief in my education and dream will not only benefit me in the short term but will also prove to my future success and the betterment of my community as a whole. I am committed to making the most of this opportunity in my future academic journey and determined that those who have made it possible will be proud of the role they played in helping make it come true.
