I would like to thank the Maritime Patrol Association for their support in previous years and in this upcoming year. It means so much to me and my family to receive this honor once again this year. The Maritime Patrol Association Scholarship is a key part of my success as it allows my dreams to be that much more accessible to me. Heading into my senior year of college at Florida State University is very frightening, however with the support of this scholarship I am able to relax knowing that others believe in me and my dreams. The continued support and trust in me from the Maritime Patrol Association instills confidence in myself that I am succeeding and helps me stay focused knowing that others have invested their valuable resources into me. Once again, I would like to thank the Maritime Patrol Association for everything, I would not be where I am today without you!
