It is truly an honor to receive a Theodore Roosevelt Association scholarship. It means that I have the opportunity to further my education with the help of financial support, which is something I am deeply grateful for. This scholarship will allow me to be able to focus more on my academic goals as I will not be as stressed about student loans and debt. As the daughter of a retired military member, I intend to fully take advantage of this opportunity which has been made possible by the men and women who have fought and continue to fight for this country. I aspire to use this scholarship to make them proud and to work towards becoming a contributing member of society. I am beyond thankful for the Theodore Roosevelt Association and would like to thank all of the members who have helped me, as well as students before me, have a better chance at accomplishing our dreams and attending a college/university at a much more affordable cost.
