Thank you so much for this opportunity, Theodore Roosevelt Association. I am so honored to receive a 2024 scholarship. Winning this scholarship has shown me that my efforts going into building my future while being a military child do not go overlooked. As a first-generation college student, it means immensely to me knowing that I am not taking on this journey alone. Being a military child has provided me with a village of support and resources that helped me get to where I am today. Organizations like the Theodore Roosevelt Association are what will also help me see my goals for tomorrow. I am proud to say the Theodore Roosevelt Association and the donors of this scholarship are now a part of my supportive village and are helping me make my dreams possible. I am so fortunate to be part of such a remarkable military community. Thank you, Theodore Roosevelt Association and every donor that makes this scholarship possible.
