- ❖ Year-Round Employment: Vinny's Pizza & Pasta-hostess and server

Having been selected a recipient of the 2019 Wings Over America and USS Theodore Roosevelt (TRA) scholarships is truly an honor. These scholarships are a testament to my father's dedication, commitment and sacrifice that he has made while being enlisted in the United States Navy. Focusing on my academic and athletic career at Old Dominion University, as well as giving back to my community, and working part-time, have been my top priorities. Through community service, I can influence and have a positive impact on other individuals. Being actively engaged with the public provides me with an opportunity to both teach and learn. In addition, I would like to thank the generous donors and the Wings Over America Foundation for their support, as these scholarships will allow me to further my education. I will be forever thankful to have received these scholarships to reach my future professional goal of becoming a registered dental hygienist.
