Receiving this scholarship means a lot to me. First of all, it is extremely rewarding to have someone look at all my hard work and recognize all the time and effort I put into each activity. The financial support definitely makes a difference in what I may be able to do in the future. I hope to do a study abroad program in my field of studies and this scholarship helps enable me to do that by decreasing the stress of finding out how to afford it, and minimizing debt. In addition, I feel honored to be part of the Wing Over America community because aviation and the Navy have been such a big part of my life.
