This award is a great honor, and it means a lot to be selected for it. I am very proud to be one of the few students who were chosen, especially since it is such a competitive and prestigious award. I am very blessed that I have the opportunity to attend William and Mary and pursue a great education. I am even more blessed that my parents are dedicated to sending my three siblings and me to whatever university we choose. This very generous scholarship is extremely helpful – both towards my academic pursuits and my family. For that, I am very grateful. It will help me continue to receive the education of my dreams, and it will help my brother and sister do the same. Thank you very much for this honor.
