Statement: Being awarded this scholarship is an incredible honor. I feel very privileged to have been trusted with this money; that WOASF is confident enough in my abilities to invest in my future. The military has done so much for me and my family in my father's years of service, and this scholarship increases the length of that list. I am so grateful for it all, especially the trust of this foundation. I do not take it lightly, and will return their trust with the successful future of which they believe I am capable. I am capable I am so blessed and so incredibly thanks for this opportunity to shine.
